### “Downstream RF Signal Levels”

5151 Fairbanks St. Building B Anchorage, AK

Wednesday, March 14th 8:30am - 10:00am

---

Presented by: **Ron Hranac w/ Cisco**

---

## Why is downstream signal level important?

DS errors got you down?

Join us for this very important presentation and find out how to properly measure DS rf levels and diagnose impairments.

Long time industry professional, Ron Hranac will be our host.
