TRAINING SESSION & WebEx

“Optical Node and Platform Configurations”

5151 Fairbanks St. Anchorage, AK

Thursday, February 8th, 2018 at 9:00AM- 1:00PM

Presented By:

Introducing a “new comer” to the GCI HFC plant. As our current optical nodes and platform reach their end of cycle, Mike Shafer from Arris will present optimum node set out procedures and configurations for our new optical platform.

This 4 hour presentation is just the beginning!
