The Alaska Chapter of SCTE-ISBE September 2019 Newsletter

The SCTE ISBE Alaska Chapter is please to announce an exciting opportunity for our members!

Perks for Certs!

We challenge you to become SCTE-ISBE certified! Beginning today through December 7th 2019, SCTE AK Chapter members who test and pass the first 20 SCTE certification

exams, **will receive the perk of a \$50 visa gift card.** But wait, that's not all -- all gift card winners will ALSO receive entry into a raffle, where we will draw one lucky member to **WIN a \$300 Amazon gift card!**

Gift card distribution and the announcement of the raffle winner will take place at the 2019 SCTE Alaska Chapter Annual Membership meeting, scheduled on December 11th, 2019.

This is your opportunity to not only bolster your pockets, but also bolster your career. There are many reasons to become SCTE-ISBE certified, and we've just added one more! When you become SCTE-ISBE certified you:

Prove Your Cable Knowledge: The SCTE•ISBE Certification Program enables you to demonstrate proficiency of relevant, career-enhancing technical knowledge.

Gain Recognition For Your Skills: SCTE•ISBE certification provides employers with an industry-recognized benchmark for technical expertise that may be incorporated into the hiring, promotion and other human resource management processes.

Promote Your Expertise: Identify yourself as a leader in your field. By maintaining and promoting your SCTE•ISBE certification, your skills will stay fresh on the latest technologies and you will stand out to current and prospective employers.

Advance Your Career: Professional certification is a great way to demonstrate that you possess a solid knowledge of cable telecommunications technologies. Choosing to pursue SCTE•ISBE certification also says a lot about your drive, self-discipline and overall professionalism. That has the potential to lead to higher pay, promotions, and new job opportunities.

Eligibility:

In order to qualify for this offer and receive your Perk (\$50 visa gift card), you must:

- Take and pass an SCTE Certification test

- submit proof of passing the test via email to the SCTE Alaska Chapter
- Be one of the first 20 certifications claimed to receive the Perk (\$50 visa gift card)
- Certification exam must be taken within the time period of 9/7/19 – 12/7/19
- All claims must be submitted by 11:59 pm on December 8th, 2019
- Be a current SCTE Alaska Chapter member

Claiming your Perk:

- To claim your perk (\$50 visa gift card), please submit an email showing proof of passing the certification test to: thealaskachapter@gmail.com.
- The option to forward an email of your test results is given at the end of the certification exam – please use this option.

Terms & Conditions:

- Certifications will not qualify for this offer if they are not officially claimed and reported to the SCTE Alaska Chapter via email.
- You must be one of the first 20 SCTE certifications claimed and submitted to receive the perk.
- Individuals may qualify for more than one \$50 visa gift card perk, providing all other eligibility requirements are met.
- You will receive one entry into the raffle drawing for each Perk (\$50 visa gift card) you've qualified for.
- Perks will be tracked and issued by the SCTE Alaska Chapter Treasurer (Barry Abisoror)
- If a you receive \$600 or more in perks, you must report your winnings to the IRS by filling out the appropriate tax forms.
- Perks will only be granted for SCTE Certification tests. Prizes do not qualify for any other courses, trainings, webinars, micro-lessons, etc provided by the SCTE or any other entity.
- Send an email to the thealaskachapter@gmail.com or reach out to an Alaska Chapter Board member if you have any questions.
-

Train Your Brain

The [micro-lessons are awesome!](#) They will work well for the busy technical and non-technical folks alike - Mike Snyder

Speaking of MicroLessons, they're a complimentary part of our membership along with Primers, MicroLearnings and LightningMods. You can go to the [SCTE.org](http://www.scte.org) website for more information and a list of programs currently available to members.

The SCTE Alaska Chapter is pleased to announce our next training session

“UPS Power Supplies – Installation, Monitoring and Maintenance”

Presented by Tony Castro w/ Alpha Technologies.

Attend and learn all about the fundamental principles of modern Power Supply functionality.

This session is scheduled for **Thursday, September 26th** . It will run from **8:30am – 10:30am** and will be hosted at 5151 B Fairbanks St in Anchorage in the Field Services Building.

This training session will also be available statewide via VTC.

Thank you for your continued support of the SCTE ISBE and your Alaska Chapter!

In 2019, the Alaska Chapter has had *627* attendees to our training sessions...Keep up the great work!

Delivering Services over a Distributed Access Architecture

Description:

Following years of tech trials and pilot deployments, cable operators are starting to deploy distributed access architecture (DAA) techniques for moving legacy headend functions to the access network and expanding the capacity of that network for new, more advanced services. In this session, cable technologists will discuss their latest Remote PHY, Remote MAC/PHY and related moves; the new services they plan to deliver with DAA; and the challenges they must overcome to make DAA a reality.

Presented March, 2019 by Alan Breznick, Cable/Video Practice Leader - Light Reading; Dean Stoneback, Senior Director, Engineering, SCTE; and Fernando Villarruel, Chief MSO Architect, Ciena

Did you know...

SCTE supports the vision and efforts of companies in the cable industry that actively recruit women and other underrepresented groups for their technical workforce and engineering positions. They acknowledge that a strong gender and cultural mix of employees fosters new ways of approaching and solving problems.

Diversity & Inclusion at SCTE

Diversity and inclusion topics, forums and learning opportunities are incorporated into most SCTE industry-wide events. Become involved and learn more about the many options available. If you have suggestions about

additional programs, please contact SCTE via e-mail information@scte.org or call 1-800-542-5040.
